

CITI Program New Learner Account Registration

Go to www.citiprogram.org and click on the "Register" button located in the blue log in box to the right of the homepage.

The next steps are numbered 1-7. These steps will collect information to register your account and place you in the correct course based on your institutional settings.

Step 1 Choose a participating institution from the search box. All active institutions are listed. This includes the VA sites, The DoE institutions, HANC affiliates, Canadian institutions, Indian institutions, and Korean based institutions. After selecting your institution click Continue to Step 2.

Step 2 requests that you enter your first and last name along with your email address.

Please enter your name here as you would like it to appear on your completion report received at the end of the course. Ensure you use an email address that you can access so you can complete the registration process by verifying the email. You can use any email address to register but we recommend not using your institutional email. The account belongs to you, the learner, and if you leave the institution you will still have access to the account if you use a non-institutional email. This means you can keep the same account and transfer credit if you affiliate with a new institution.
